About US

Founded in 2019 in Boston, our biophilic design studio brings together a diverse team of designers united by a shared passion for nature and a commitment to enhancing interior spaces.

As the world grappled with the COVID-19 pandemic, we recognized the profound need to reconnect with nature, particularly within our indoor spaces.

Our collaborative approach allows us to work closely with clients. We utilize professional visual design renderings and construction drawings to help clients better visualize their vision, ensuring smooth communication. We seamlessly blend creativity and biophilic elements to adapt to the unique requirements of each project.

At the heart of our studio lies our dedicated production team, where precision meets passion. Every piece is meticulously crafted by our artisans, who hold a profound reverence for the environment and its ability to inspire, heal, and empower.

With a strong emphasis on quality execution, our experienced construction team brings designs from concept to reality, delivering tangible results beyond just paper sketches.

Moreover, our products and services provide opportunities to enhance LEED credits and contribute to a more sustainable environment. We are committed to creating spaces that not only captivate the senses but also make a positive impact on well-being.

Discover the Nature Behind Our Products

Dedicated to protecting our planet, we're meticulous about the materials we choose. Our products are crafted from natural, organic, and recyclable materials, each selected for its unique properties and purpose. Dive into the story behind our standout everlasting moss and understand how our sustainable choices care for the world we share.

We set high standards for sustainable resource extraction and production. Our manufacturing and packaging utilize renewable forestry materials. By improving our packaging and protecting nature, we reduce energy and fossil fuel consumption, contributing to a thriving environment. As we move forward, we are dedicated to amplifying our pursuit of a low-carbon ecosystem, ensuring each decision we make shows our dedication to a healthier planet.

Benefits

100% Natural Materials

Hand-picked from Europe and America, 100% natural materials bring the beauty of nature indoors with an authentic and organic aesthetic.

0% Maintenance

Requires no watering, sunlight, or pruning, providing hassle-free greenery.

Enhance Well-being

Promotes a sense of well-being, reducing stress and enhancing the overall indoor environment. Its presence creates a calming and biophilic atmosphere that fosters relaxation, productivity, and creativity.

85%-95% NRC Acoustic Improvement

Offers sound-absorbing properties, improving acoustics and creating a quieter environment.

Easy Installation

Effortless to install, our moss walls quickly transform any room into a natural oasis.

100% Hand-picked and Handmade

Our 100% Hand-Picked and Handmade process guarantees that only the finest materials are selected and expertly crafted by skilled artisans. This commitment results in unique, high-quality moss art that brings the beauty of nature into your space.

Moss Bowl

Our Moss Bowl Collection showcases the beauty of preserved moss and natural elements in handcrafted bowls. Each piece is made with care, using eco-friendly, sustainably sourced moss and plant materials. The designs are versatile, fitting into various interior styles—whether modern, rustic, or mid-century modern—making them a great choice for both home and commercial space decor.

These zero-maintenance pieces bring calm and natural beauty, working well as centerpieces for dining tables, shelves, desks, or conference rooms. With no watering or upkeep required, they offer long-lasting, hassle-free elegance.

Features:

- Hand-Crafted Quality
- Maintenance-Free
- Unique and Versatile
